CAERULEA

Caerulea is published annually by the Student Body of Polytechnic High School, Long Beach, California.

Mr. Cole Ennis
lots of long lasting
happines & a great
fella — o Louie Maher
"41"

In view of the strained international relations prevailing in the world during this past year it seems only fitting that we, as true Americans, should strive to further a more universal appreciation of the great country in which we live. Liberty loving people throughout the world are expecting the United States to protect and perpetuate the security and freedom which they in their own countries have lost. It is with this in mind that on the division pages of the 38th edition of Caerulea we are presenting pictures of some famous Shrines of our Democracy. We hope these pictures will constantly recall the fundamental principles for which Americans stand and instill in every reader a finer and deeper respect for his country.

To Principal David Burcham who is leaving Polytechnic High School after thirty-four years of faithful service, this volume is respectfully dedicated. Pictures of the Long Beach High School and Polytechnic High School which you served as principal, together with messages of tribute from prominent citizens of California, help in a measure to recall your years as the guiding genius of Poly and show our lasting appreciation for devotion to duty and countless contributions for the good of this community. Your influence will always be a part of Poly High, for you have made this institution exemplify the words above its gates, "Enter To Learn; Go Forth To Serve." In behalf of all present and former members of the faculty and student body, we express our gratitude for all you have given to us, for all you have given to education. Good luck, long life, and happiness.

Cole:

for three years I have enjoyed
your friendship and last year
I will never forget you as a member
of the 1939-40 "B" Basketball team.

Lots of luck in the "airplane works"

In these trying days we find ourselves drawn to a new and increasing appreciation of the priceless heritage that has come down to us as citizens of America. Expressive of this feeling are the beautiful illustrations in *Caerulea* depicting "Shrines of Democracy".

Our hearts are stirred as we review the events of the past which gather 'round these great monuments to freedom and the American way of life. We in the schools will not overlook the fact that the American public school holds a place in our national life which gives it high rank among the shrines of democracy. From the days of the Little Red School House down to the present time it has been dedicated to the important task of training a loyal and intelligent citizenry, without which democracy cannot long survive.

David Burcham

Tributes to David Burcham

I have had the opportunity to observe Mr. Burcham's work and his influence for a number of years. Practically all of my experience in school work has been under his principalship. During the first years as a teacher, when the number of teachers and students was comparatively small, and later as an administrative assistant I have enjoyed the rare privilege of close association with him. My tribute is, first of all, a personal expression of sincere gratitude for the conscious benefits of that association.

Mr. Burcham's leadership is the type that makes you feel that you are working with him rather than under him. The term cooperative which he uses in speaking of our form of student body government applies equally to principal-faculty relationships. His leadership inspires his associates to their best efforts. They feel that their initiative is not curtailed but realize that they have a leader to whom they can appeal when advice is needed and important decisions are to be made.

Always alert to the new trends in education, he recognized the good points of the old, seeking to merge the best of each and avoiding the extremes. His educational philosophy recognized the value of school experiences in the broad sense. All worth-while student enterprises are given his support and encouragement.

Although in recent years, it has not been possible for his student contacts to be on such a personal basis as in the earlier days of his principalship, he retained his personal interest in each student. As opportunities arise he is ready to give personal consideration to their individual problems.

David Burcham, we shall miss your sound judgment in school councils, but shall treasure your continuing friendship and the memory of the years spent under your leadership.

Frank G. Reid
Registrar—Vice Principal
Polytechnic High School

Polytechnic High School in 1933

Long Beach High School in 1910

We are all glad to honor Mr. Burcham through the dedication of this 1941 Caerulea to him. He has served Polytechnic High School for thirty-four years with distinction. It is inevitable that such a long period of service should leave imprints on the school for which he has labored. Someone has said that an institution is but the lengthened shadow of the man. Poly High School typifies many of his personal virtues, and we are glad that he has been so instrumental in their development.

I think that it would be unworthy if we did not take this opportunity to thank Mr. Burcham for his leadership in the schools. His associates in school administration know the abilities which have been demonstrated, the thoughtfulness expressed and the kindness radiated. We shall miss his presence and counsel.

As this year closes, I join with you in an expression of esteem and respect for Mr. Burcham. Our best wishes go with him and his good wife, Mrs. Burcham, as he retires from active service at Poly.

Kenneth E. Oberholtzer
Superintendent of City Schools

It is kind to favor me with the privilege of bringing to the Caerulea my tribute to David Burcham who for thirty-four years has influenced the lives and directed the destinies of the students and pupils of Polytechnic High. May I congratulate him upon the opportunities that have been his and upon the way in which he has improved them.

His has been an eventful experience. During the time he has presided over this institution, thousands have been added to the population of the city, millions to its wealth, wide opportunities to its commercial and industrial activities and a greatly expanded and modern school system. He has kept pace with all these changes and has grown with the years, not alone educationally, but he has grown into the hearts of an appreciative student body and a grateful people.

Through the days of sunshine and the hours of adversity and destruction he has remained a never failing inspiration to his pupils, his fellow teachers and our citizens.

Happy is the school, the city and the state when such men are leaders. May David Burcham have years of good health and happiness and continuing opportunity for the exercise of his talents in the building of good citizenship.

Frank F. Merriam
Governor of California, 1934-'38

The faculty of Polytechnic High School stands today at salute in affectionate farewell to our retiring Principal, David Burcham.

For a third of a century, we have had his guidance, friendship, and leadership on our pathway to educational growth.

We respect him, we honor him, and we love him—the man who has listened to each teacher's ideas, who has praised every teacher's efforts, and who has encouraged all teachers' ideals.

Thousands of students have shaken his kindly hand; hosts of alumni have known his friendly interest; the educational policies of our school, our city, and our state have felt the force of his quiet, earnest, sincere personality.

Mr. Burcham may leave our assembly halls, but he will long remain in our hearts, our thoughts, and our councils.

One hundred twenty loyal teachers extend to him our hands and hearts in thanks, in appreciation, and in gratitude for his life, his understanding, and his leadership.

He is one of Poly's great traditions; he, too, "entered Poly to learn; he, too, has remained to serve."

He has been a foundation stone in Poly's growth, a source of friendly help for every teacher. We feel that Poly this year, loses a great leader.

The voice of Poly's Faculty speaks:

Mr. Burcham:

You have been both a prince and a pal; that has made you our principal. As you have been our principal in the past, so shall you be our principle in the future. For your sincere, unselfish, impartial leadership, we, your teachers, are forever grateful.

Poly High Faculty
R. E. Oliver, President

The class of 1908, consisting of 36 members, was the first to graduate after David Burcham assumed his duties as principal. The student body numbered a little more than 300. In a group of this size everyone knew everyone and it was in this situation that the new principal won recognition and approval.

It might be expected that in a span of 34 years, and in a student body grown to over 3,000, David Burcham would have become submerged in his individuality. This is not the case. The name "Daddy" Burcham was not given him as a youthful prank. It was the spontaneous choice of a term which was more significant in meaning than could have been expressed by any other more deliberately chosen. It was the one word that sums up the high regard which youth has held for this man.

He has been sympathetic and understanding in the life of youth. He has been wise in counsel; helpful in suggestion; firm in conviction; constant in fidelity; and spiritual in example. Surely no more lasting monument to the enduring influence of his life can be found than in the lives of thousands of men and women now grown to maturity who will always affectionately call him "Daddy" Burcham.

Eugene Tincher

I have been steeped in Poly tradition—A tradition developed by the thirty-six years this school has served members of our family. Since I began school, I, too, have looked forward to my graduation from Poly High. Tradition is built on personalities, and to me the guiding personality of this school has been our principal. My father was in Mr. Burcham's first graduating class. I am proud and happy to round out our family tradition by being a member of the last class he will present, a graduation not complete for me without his extended hand of encouragement and inspiration.

Ted Robinson—Class of 1941

To truly reflect the sentiments of all loyal Poly High Alumni on the prospect of Mr. Burcham's retirement is a magnificent responsibility. It is a task no one can adequately perform but which any one of us would be glad to undertake.

For thirty years I have cherished an admiration for Mr. Burcham which goes beyond description. Thousands and thousands of you, my alumni friends, also hold deep in your hearts this same respect, this same devotion and I know that you are all uniting with me now in saying to this good man—

"we're loyal to you—we'll ever be true."

David Burcham has always been to me a symbol of democracy. He is an Abraham Lincoln type of man—easy of access, approachable, ready to greet others with friendliness and consideration.

Mr. Burcham is no believer in quick and easy answers. He is more interested in doing things the democratic way than in having his own way. Whenever possible, his policies are decided through participation of interested parties rather than by his own edict.

He is patient of opposition and tolerant of differing points of view. That patience has often been rewarded by the fact that those who differ with him usually have found him to be right and they wrong. Thus, his authority increases; not the authority of force, but the impelling power of ripened wisdom acquired through wide experience.

He is no reed "shaken by the wind." When necessary he makes split-second decisions, and when aroused can express righteous indignation in clear-cut, forceful English of which he has easy mastery.

Mr. Burcham is unique in his intense spirituality. By that, I mean his reverence for, and his sense of responsibility to, his Creator. By act, more than word, he tells the world that his religious conviction is the thing that controls and animates all his being. Somehow he radiates that conviction to others.

The Long Beach schools have been fortunate in having such a fine leader throughout these years.

Seymour I. Stone
Deputy Superintendent of Schools

I am proud to be a member of the 1908 graduating class of Long Beach High School, the first to be presented by David Burcham. We began our senior year with a new principal. He was young, tall, dark, and of serious countenance. We soon broke through this reserve and found Mr. Burcham a real friend and counselor. Under his leadership the school at once took on new spirit. Entering into every phase of our school life he led us to new heights of accomplishment.

After graduation he continued to follow the varying fortunes of his former pupils with paternal interest. Many of us have had the deep satisfaction of seeing our children under his guiding hand. It is natural for us to think of him as our beloved "Daddy" Burcham.

During Mr. Burcham's years of service, Long Beach has grown from a village by the sea to a metropolitan city. His vision, understanding and leadership have kept pace with the growth of his city and his school. It is in tribute to this greatness as an educator that the thousands who have had their lives enriched and strengthened by his personal influence rise to do David Burcham honor.

Franklin W. Robinson
President Senior Class '08
President of Board of Education

We lose the counsel of one of our most treasured friends this year when David Burcham leaves the portals of Poly High for a well earned rest.

Mr. Burcham has been the heart of Poly these past thirty-four years, during which he has been its leader. Through him has passed the warmth, sincerity, and understanding for the youth of our city which has made our school the institution it has been and is today in our community. No student that has ever been under his influence can but admit within himself, "Here was a friend indeed and I am a better citizen by having had the opportunity to be under his understanding and kindly guidance. Best wishes always."

David Burcham, it has been a joy to the members of your Parent-Teacher Association to have had the privilege to work with you.

Mrs. R. V. Mercer
President Poly P.-T. A.

As one who had the pleasure of serving for eleven years as vice-principal under Mr. Burcham, I can vouch for his integrity and his loyalty to Polytechnic High School. Under his leadership, "Poly" has grown from a small suburban high school to the largest in the state and its graduates have gone forth to serve this community with honor. It may well be said that Polytechnic High School is but the lengthened shadow of the man who has served it so faithfully and well for the past thirty-four years.

To you, Mr. Burcham, the faculty and student body of Woodrow Wilson High School, your friendly enemies across town, say goodbye with regrets and wish you success and happiness in the years to come.

Harry J. Moore—Principal Woodrow Wilson High

Mrs. Clyde Doyle and the undersigned both attended Long Beach High School in 1909. "Daddy" Burcham was our Principal. It was then the only High School in Long Beach and was located at Ninth Street and American Avenue, and had about 525 students.

So, we boys and girls who then were privileged to have "Daddy" Burcham as our principal, had fuller opportunity to know him personally—and for him to know us personally. Then, as now, he was a grand gentleman. His fairness to us, his loyalty to the principles of personal and community conduct, which always build up morality and highly ethical conduct, have all these years been an inspiration to the Clyde Doyle family.

Our youngest daughter, Dorothy Doyle, instead of going to Wilson, in which district she resides, insisted that she must go to Poly this year of 1940, in order that she could have "Daddy" Burcham as her principal the same as her parents had.

His fineness of metal never rusts out, corrodes or disappears; it endures forever.

It is my sincere belief that the greatest tribute that may be paid anyone is to say that he has served faithfully and well. This statement was never more true than when referring to David Burcham.

During thirty-four years as Principal of Long Beach Polytechnic High School David Burcham has built an institution that is second to none. His graduates are to be found in every state of the Union. To his kindly spirit and helpful manner may be attributed many of the successes made by Poly graduates.

It is a privilege to add my word of praise and appreciation of one who has made a profound impression on my life.

Harry B. Riley
President Student Body '10

Many years ago I heard a school man receive what seemed to me to be the supreme tribute. I heard his superintendent say he was the best high school principal with whom he had ever worked. That was Mr. Stephens, a great superintendent, paying his respects to Dave Burcham, a great principal.

What such a tribute means in terms of loyalty, cooperation, industry and vision only the initiated can understand. To one who has worked side by side with Mr. Burcham, the years have only brought added confirmation to the truth of the statement.

It has been a privilege, Dave, to know you and to work with you. I have seen your handiwork written in the hearts and minds of Poly graduates, and I know that truly, you have made your contribution in making this a better world in which to live.

We shall miss you at the council table, but we shall have the consolation of knowing you are still with us in our community lending your well wishes and support.
—Bon Voyage.

John Wilson—Principal, David Starr Jordan

What could be more appropriate than the dedication of the 1941 Caerulea to David Burcham? Nothing. If there ever were a High School Principal who went more than half way with the students, that man is David Burcham. His ability as a school administrator is recognized throughout the United States, and as one of his former students I am proud of the fact that I had the benefit of his leadership and inspiration during my school days.

May the future be filled with pleasure and happiness for our friend, David Burcham.

Lorne D. Middough
Student Body President, '12

I am happy to learn that the 1941 Caerulea will be dedicated to Mr. Burcham. His has been a great service to the students of the old Long Beach High School and Poly High. All who ever attended either school love and respect him and feel in a very definite way that he directed and assisted them along the upper and better path by his unfailing fairness, kindness, tolerance, and understanding.

The members of the Class of '11 join me in sending congratulations to Mr. Burcham and in extending to him and Mrs. Burcham best wishes for many years of happiness.

Harry J. McClean
President Student Body, '11
Attorney at Law

David Burcham has contributed toward the upbuilding of Long Beach more than any one person now living.

As he retires, he leaves a heritage unmatched by any educator in Los Angeles county, and possibly unequaled in the nation.

He leaves a new Poly High School plant behind him. It is a strong institution designed to resist shock or fire.

Principal Burcham must turn the school buildings over to a successor, but he will most certainly take with him the love and everlasting appreciation of those he led into useful and happy lives as American citizens.

Their usefulness in maintaining our Democratic way of living will mean more than any statue or bust to the memory of a loving, kindly, outstanding educator.

Thad Omohundro
President Summer School Graduating Class, 1923

Thirty-four years of unswerving devotion to the high cause of secondary education; thirty-four years of earnest adherence to sound principles and fine ideals; thirty-four years of quiet constructive leadership, followed loyally and trustfully by of long years, David Burcham.

students and teachers alike. These words describe the public life of our dear friend

He has richly earned the opportunity to rest a bit—to do some of the personal things full time that have heretofore been crowded into infrequent intervals only possibly available in his life of unflagging service to others.

We hope he will be well and secure in his enjoyment of the lovelier twilight hours of his full life as he has occasion to contemplate retrospectively the results of his labors—vivid in the lives of thousands of Poly High men and women.

David Burcham may retire from the offices, halls, classrooms and assemblies of old Poly, but never from his own personal place in our lives; never from our hearts.

Harry Buffum
President Student Body, '13
President Buffums'

It is an opportunity both professional and personal to be asked to write a letter of tribute concerning Mr. David Burcham who is retiring from the teaching profession this year.

My first teaching position in Long Beach was at the Polytechnic High School where I came to know and appreciate the kindness and sincerity of him as a principal and as a friend to all members of his staff.

The work of Mr. Burcham has been outstanding. The splendid rating maintained by the Polytechnic High School is adequate proof of the professional quality of his leadership.

The City Teachers Club is proud to claim Mr. Burcham as one of their group and extend to him best wishes for the leisure he so well deserves.

Glee Duncan
President City Teachers Club

Mr. Burcham, affectionately known to students from my time on as "Daddy" Burcham, has been the spark-plug and mainspring of Long Beach High School and Polytechnic High School. We both started High School at the same time in 1907, Mr. Burcham as principal and myself as a freshman. I think that he has been a friend and counsellor to every student who has attended either one of those high schools since that date, and we all have a feeling of love and devotion for him which we do not exactly have for other people, because of the peculiar qualities that he has exhibited throughout his long stay in our school work.

The excellence of Long Beach Polytechnic High School is mainly due, in my opinion, to his quiet and efficient guidance, and I believe all of his students, of the present and the past, will always feel the effect of his wonderful spirit. My own love and admiration for him will never cease.

Leslie E. Still '10
Judge, Superior Court, Long Beach

To be able to pay tribute publicly to Mr. David Burcham is an opportunity I have long awaited. But my tribute can simply contain the whole-hearted appreciation that every student under Mr. Burcham has felt, and I feel that it is but an echoing voice ensuing the thousands of worthy praises showered upon him.

It is easily conceived that men of Mr. Burcham's qualities are gifts that few communities receive. And when men with such attributes donate their life work toward the teachings and protection of our American Ideals, there is really no reward rich enough to merit their contribution.

With the teachings of honor, trust, and service, there must be a living example after which a coming generation may pattern itself. But to mold oneself after this man would necessitate a comparative lifetime of consistent toil and a measurement of sacrifice, an example difficult to follow.

Thoughts of gratitude and admiration conclude this tribute to a man whose pattern many of us are attempting to approximate; indeed, an arduous task.

The resignation of Edna Cooper is a distinct loss to Polytechnic High School. Miss Cooper was an excellent English teacher, thoroughly conversant with the subject matter of the varied courses that she taught and insisted upon adequate accomplishment on the part of her pupils. But she was preeminently a teacher not of subject matter but of youth. Many of the graduates of Poly will go through life gratefully aware of her helpful interest and wise guidance.

COMMISSION—The Commission is Poly's student governing organization. It consists of five elected student commissioners: the commissioners of Affairs, Art, Safety, Athletics, and Welfare. This group is guided and assisted in all activities by four faculty members: Mr. Peniwell, Mr. Reid, Mr. Vermilya, and Miss Lofland.

Through the student commission the principle of student-faculty government is promoted. During the year, student problems were brought before the Commission, and guidance was afforded all scholastic activities.

COMMISSION—ROW I: Mr. Peniwell, Mr. Reid, Miss Lofland, Mr. Vermilya. **FIRST SEMESTER**—ROW II: Buckingham, Fisher, Elliott, Thompson, Robinson. **SECOND SEMESTER**—ROW III: Wells, B. Gilliland, S. Gilliland, Gum, Walker.

CHAMBER OF COMMERCE—The Chamber of Commerce is one of Poly's most important administrative groups. The purpose of this organization is to promote friendliness and cooperation among the students.

This past year the Poly Chamber of Commerce sponsored an assembly that presented Poly clubs to new students. Also through the work of this organization, the Municipal Band was able to play for a student assembly. During the year the Poly Chamber of Commerce visited the Long Beach Chamber of Commerce in order to observe the workings of the city organization and to promote closer cooperation between the two groups.

CHAMBER OF COMMERCE—FIRST SEMESTER—ROW I: White, Bethe Teeter, Bailey, Woodford, Blythe Teeter. **ROW II:** Koepke, Cather, McQuiston, Huston, Kofahl, Johnston, Mr. Oliver (adviser).

Many discussions were held, and tentative plans were made pointing toward the formation of a more representative commission composed of students chosen by athletic, forensic, journalistic, interclub, and various other councils.

JANUARY SENIOR OFFICERS—Sammy Dimas (V. Pres.), Catherine Reid (Sec.), Lorraine Sully (Treas.), Fred Cole (Pres.).

JUNE SENIOR OFFICERS—John Buckingham (Pres.), Dorothy Graham (V. Pres.), Jane Mc Gee (Treas.), Roy Rossi (Sec.).

ACTIVITIES

CHRISTMAS CONCERT—The annual Christmas Concert was presented in the Polytechnic auditorium during the week preceding the Christmas vacation. The Concert was given by the student body with the assistance of Miss Shouse, Mr. Gill, Miss Aaronson, Miss Warner, Miss Smythe, Miss Wyant, and Mrs. Higgins. Impressive biblical scenes were shown in beautiful pantomime accompanied by sacred music by the glee clubs and string ensemble. This year's program was a Concert which will be long remembered by all those who were fortunate enough to attend.

GIRLS' GLEE AND CHOIR—Because of their many entertaining programs given before civic and fraternal groups from year to year, the Girls' Glee and Choir have become prominent organizations on the Poly High School campus. Under the direction of Miss Mary Shouse their combined efforts in the production of the Christmas Concert met with great success.

THE SEYMOUR AWARD—The Seymour Award was established in 1936 in memory of the late Charles F. Seymour. Mr. Seymour was once the head of the social studies department at Poly High School, and he was also the founder of the California Scholarship Federation. The graduating senior whose record shows the greatest number of Gold L and scholarship points in the Junior and Senior years is awarded the first place. This consists of twenty-five to thirty-five dollars and the honor of having his name engraved on the bronze plaque. The student receiving the second greatest number of points receives from fifteen to twenty-five dollars. Last year the first place was awarded to Robert Poindexter, and there was a tie for second place between Jewell Peniwell and Norman Barker.

LONG BEACH JUNIOR COLLEGE—Scholarship record, character, and participation in school activities were all factors considered in the choosing of students to be awarded Junior College scholarships, each of which consisted of twenty-five dollars. The Mary F. Baker Memorial Scholarship was won last year by Dean Ann Pitcher in February and Kathryn Miller in June. This February the scholarship, which was founded by Mr. Yeary in memory of his mother, was awarded to Rose Utsunomiya. The Poly Parent-Teacher Association scholarships were won by Walter Hood, Ruth Johnson, Douglas Gallez, and Clara O'Kelley. In February of this year the P.-T. A. scholarships were awarded to Jean Chattelle and Robert Howell. Janece Heckman won the Jane Harnett Memorial Award, and Betty Van Buskirk was the winner of the Longfellow P.-T. A. award. The scholarship awarded by the Lions' Club was won in February by Betty Van Buskirk and in June by Carlos Amspoker. Kathryn Koepke won the award in February of this year. Roberta Jacobus was the winner of the one offered by the Poly faculty, and Dorothy Smith won the award given by Miss Douthart. The Associated Women Students of Long Beach Junior College awarded a scholarship to Martha Linstrom, and Delta Theta Ta sorority awarded one to Dick Thomas in February and June. The scholarships awarded by the Hamilton P.-T. A. were earned by Vera Mae Trembly and Phyllis May Scott. Bob Cocke and Don McCorkindale were the winners of the David Burcham scholarship which is sponsored by the Boys' League.

LAMP RECIPIENTS—The California Scholarship Federation pin was awarded to students who had earned membership in the scholarship society for four semesters, including one semester in the senior year. A minimum of ten points must be earned by the graduating seniors each of the semesters to qualify for the award. Three points are earned by each A grade received, one point is earned by a B, and four Gold L points

may be used as a substitution for one scholarship point. All graduating seniors who received the "Lamp Pin", as it is commonly called, were also given the privilege of having a Federation Chapter Seal placed on their diplomas. Only those students who had superior scholastic ability received these CSF pins, and it was an honor of which all recipients were proud.

GOLD L—To earn a Gold L a student must earn points in the three fields of activity—scholarship, athletics, or general service. A total of fifteen points earned in the three fields is necessary qualification for a Gold L, and points toward this award must be earned in three or more semesters. Not more than ten points towards the L can be earned in any one field of service. In scholarship the student must maintain a two point grade average for two semesters, the points being given on the following basis: A, 3; B, 2; C, 1; D, 0; and F, -1 for prepared subjects or solids, with partial credit for unprepared subjects. In athletics the student must have earned

Points are awarded for general service in such activities as Student Body Commissioner, member of Chamber of Commerce, officer in the Boys' and Girls' League, member of Caerulea, Acacia, and High Life staffs, fireman, song and yell leaders, a member of the senior play cast, and various other student body activities. When an additional ten points have been earned, the student is eligible to receive a jewel on his L; a second jewel is awarded to the student earning 5 more points, or a total of 30 in all.

Although the drama had as its main theme national defense, the story was centered around the life of an American family. It contained such natural situations that it was one of the most popular plays ever presented at Poly. Headed by the lead, Don Nunez, the cast included Lillian Berger, Gerald Tyo, Belva Buchanan, John O'Day, Dorothy Williams, Jacqueline Bennett, Alice Ruth Curry, Marjorie Thomas, Clare Morris, Robert Matheny, Bill Lund, Miriam Morningstar, Patricia Berry, and Milton Moss.

ACACIA—The Acacia, Poly's literary magazine, presented the thoughts of its 17th annual edition in a world of confusion and havoc. In a contradiction of moods it combined lighthearted humor with a philosophical reaction to the realism of these modern times. The Acacia was published in December by the Writers' Club with Hope Barker as the 1940 editor. Mr. Jamison was the adviser with Mrs. Mealey and Miss Preston assisting.

The Caerulea Photography Editor was Don Warren, first semester, and Fred Takaki, second semester. Mr. Gray is supervisor of the photographers. The profit of the Student Body Store is added to the general student body fund to be used in support of other school organizations that operate at a financial loss. Mr. H. J. Hunter was the faculty adviser and Mrs. Trimble and Mr. James Shields were the assistant faculty advisers. The student manager was Don Robertson who was assisted by Bob Brown.

INGLEWOOD—With Poly's grid machine functioning with mid-season precision, the Hares rolled to an impressive 18-0 rout over the Inglewood Sentinels in the opening game of the 1940 season. Sammy Dimas paced the first touchdown drive, scoring seven plays after the opening kickoff. An Inglewood fumble resulted in the second tally in the fourth period. Seconds before the game ended, a series of razzle-dazzle plays accounted for 47 yards and the third six points.

VARSITY FOOTBALL—Martin (manager), Duncan, Boosalis, Dimas (captain).

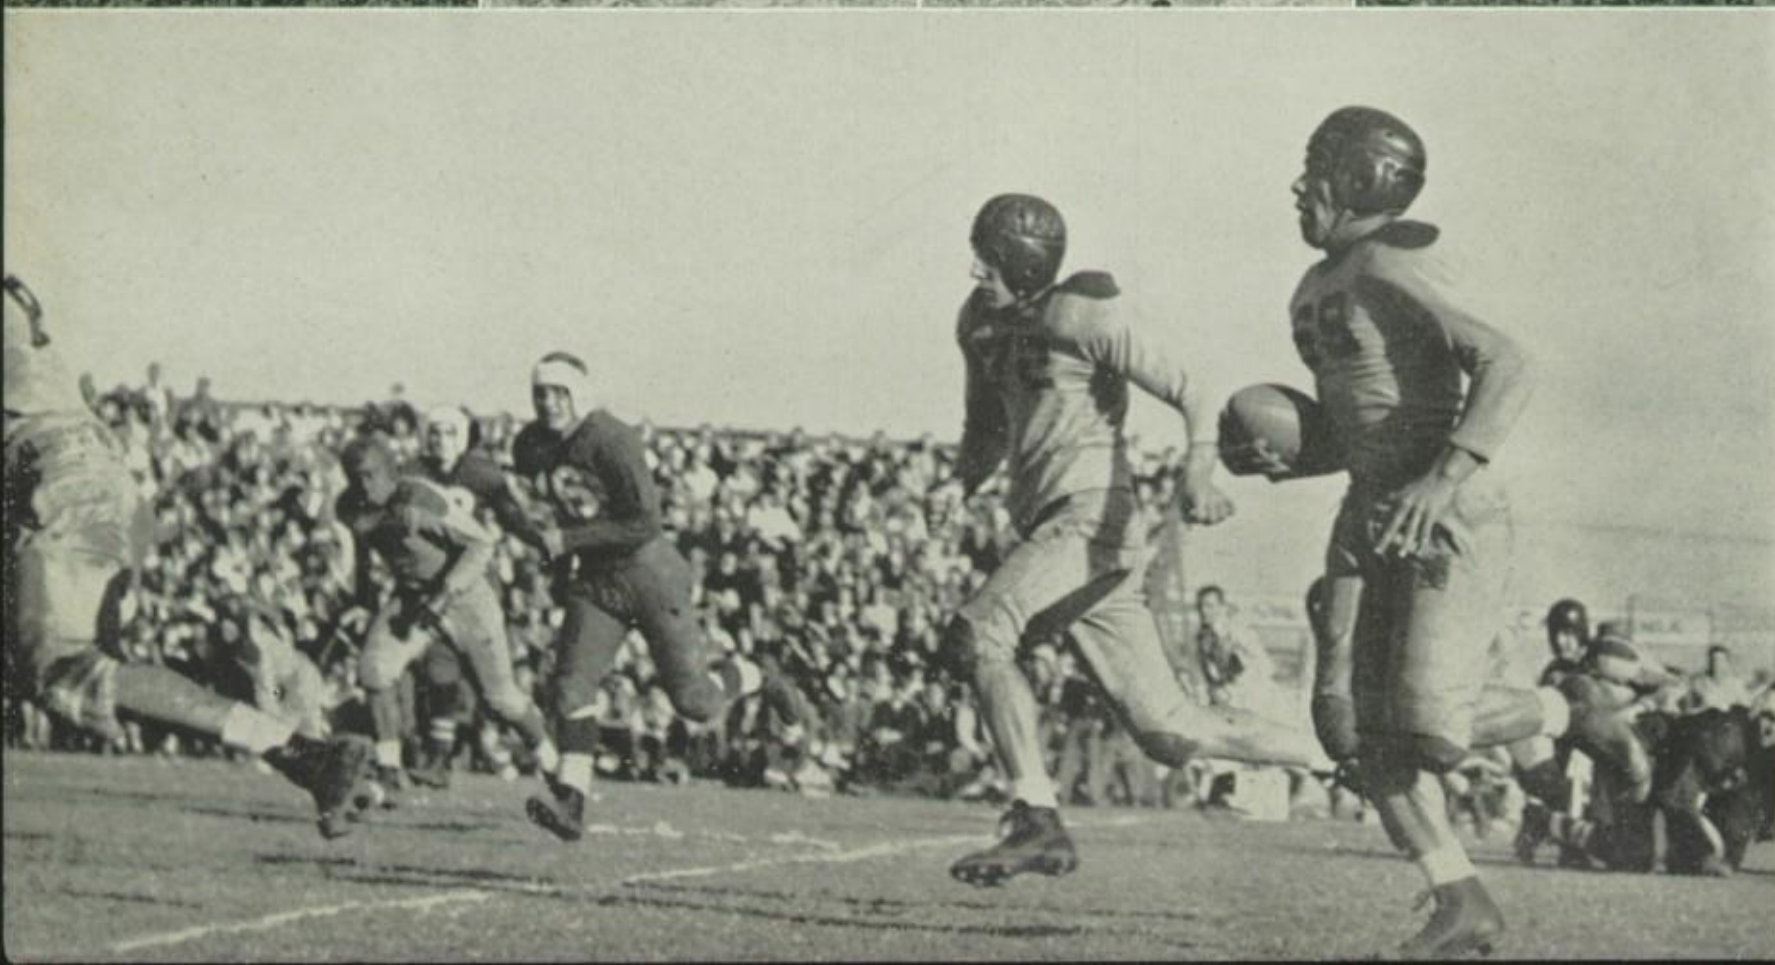

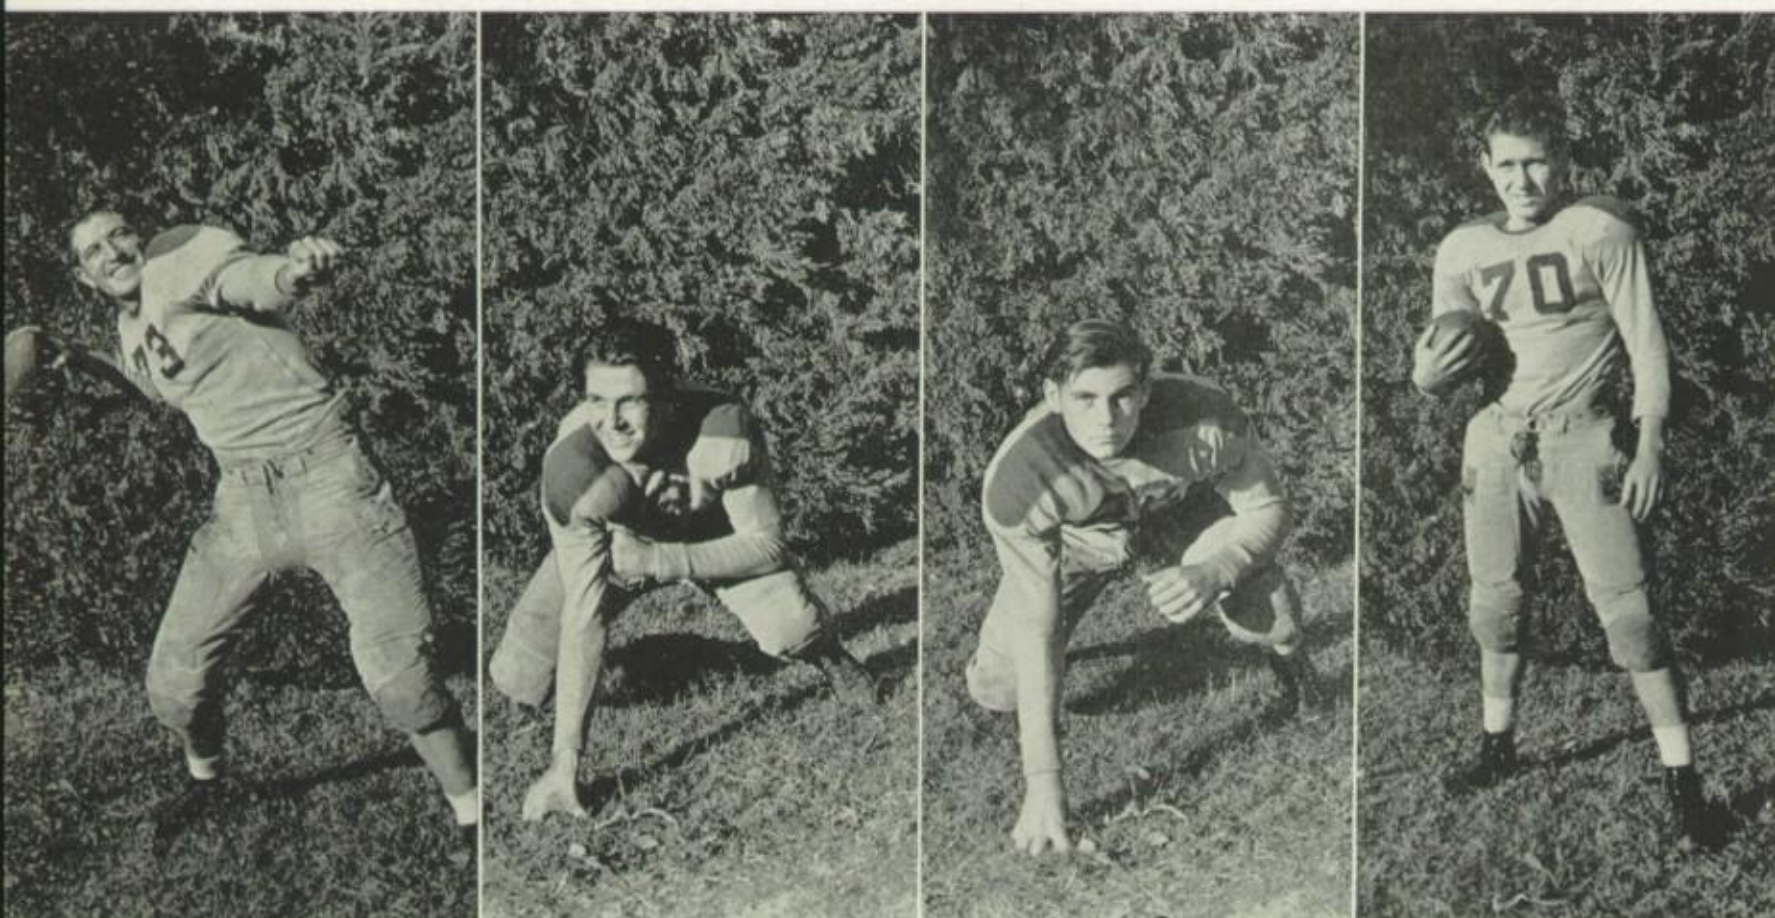

Nic Duncan

SANTA ANA—An overconfident Jackrabbit eleven, fought to a standstill in the first half, finally broke loose in the third and fourth periods to battle their way to an 18-6 win. The Saints tallied in the first quarter when Dick Roehm, flashy Saint half, snagged a loose Hare aerial and rambled 56 yards to a score.

PHOENIX—Displaying a brilliant type of offensive football, a powerful Hare eleven rolled to their third straight win over a fast Phoenix eleven by a 25-20 score. Ed Nulty scored three of the four Green and Gold touchdowns to bring the season's total to six. Ray Agee, diminutive quarterback, scored the first tally on a short drive over the left side.

VARSITY FOOTBALL—Garrison, K. Agee, Shirey, R. Agee.

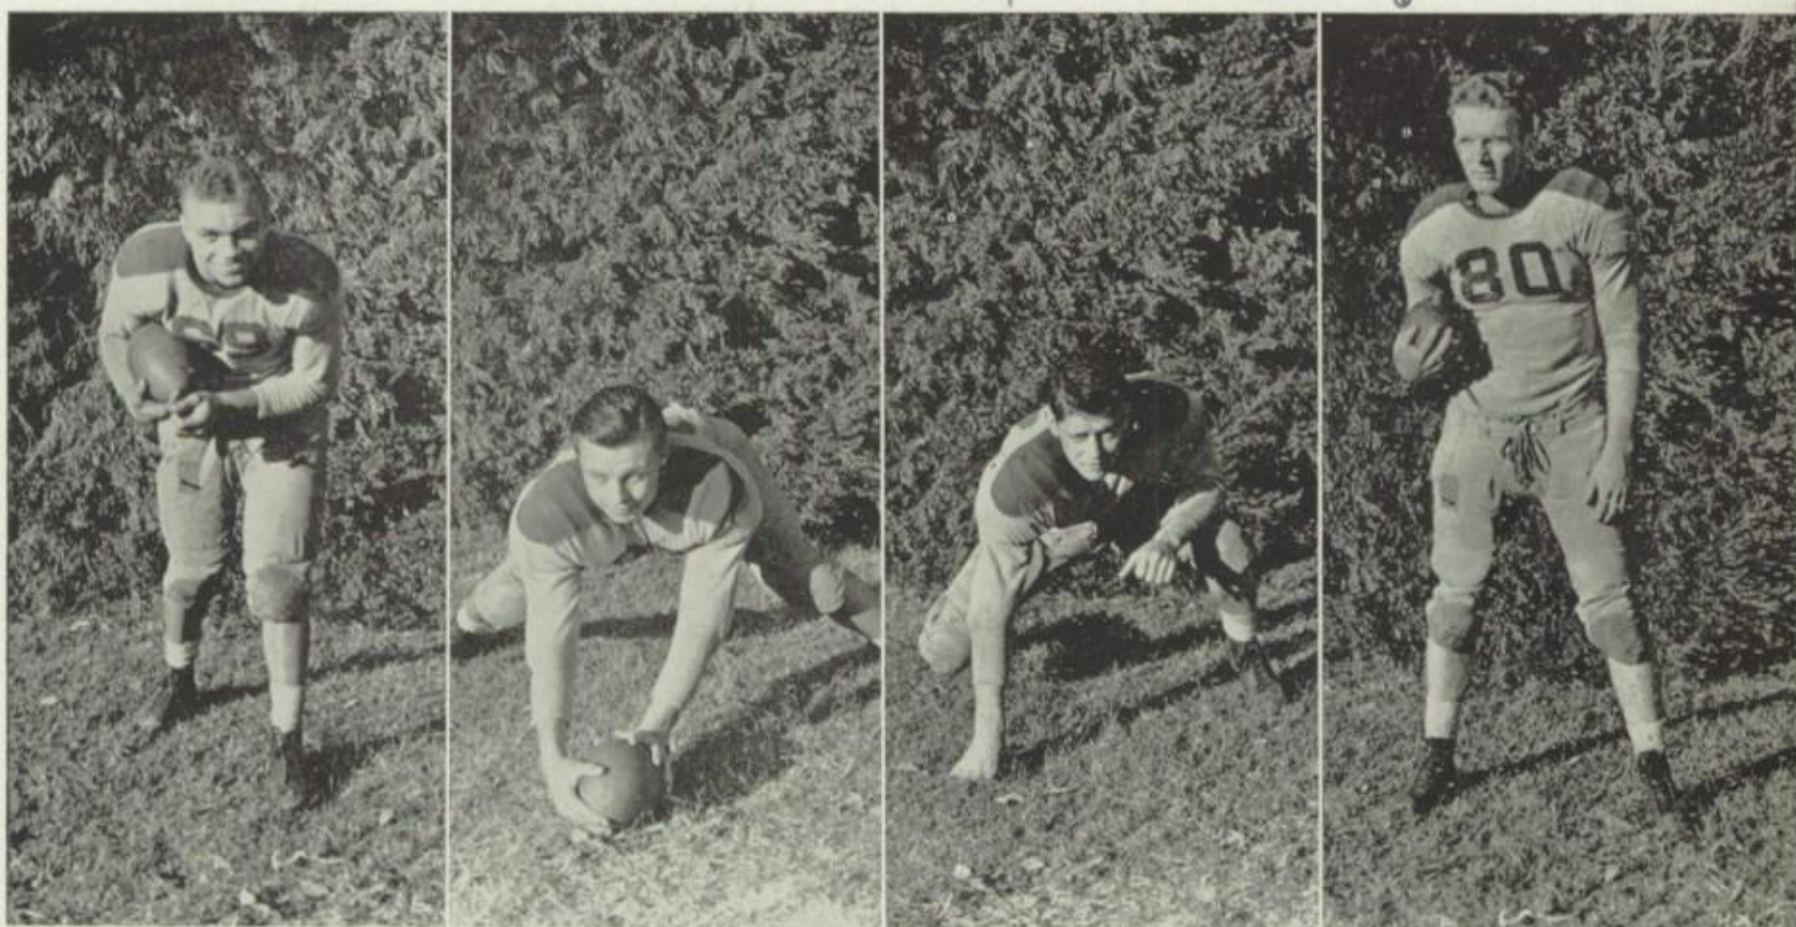

SAN DIEGO HOOVER—Poly's battering Jackrabbits swept into the CIF playoffs with a thrilling 14-10 victory over San Diego Hoover in a conference tilt. To say that any one Poly player stood out would be an understatement. Eleven rugged players banded together to weld an invincible Hare machine. Slammin' Sammy Dimas scored both tallies, once from the three and then again from the four yard line. Swanson converted twice. Both scores came in the second stanza after Hoover had taken a short-lived 3-0 lead with a field goal in the first canto by Jim Morgan. A series of last minute "prayer" passes from Morgan to George Brown resulted in the second Hoover tally.

VARSITY FOOTBALL—Bradley, Barnett, Neal, Nulty.

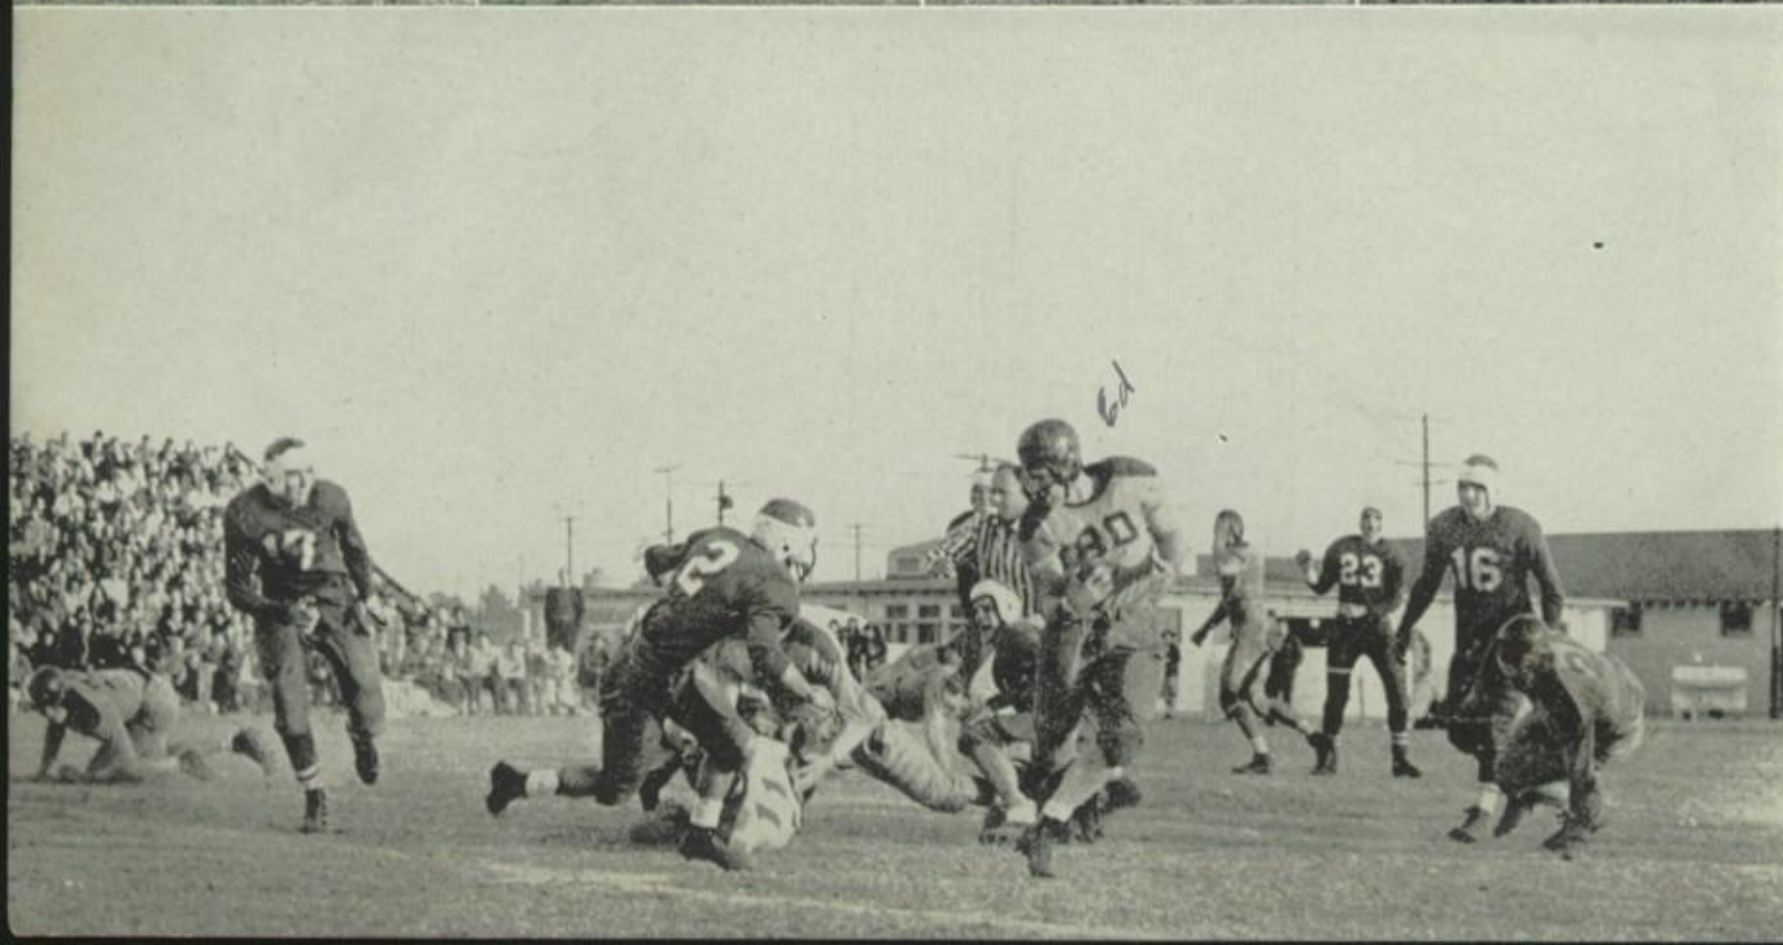

Dick Neal

Ed Nulty

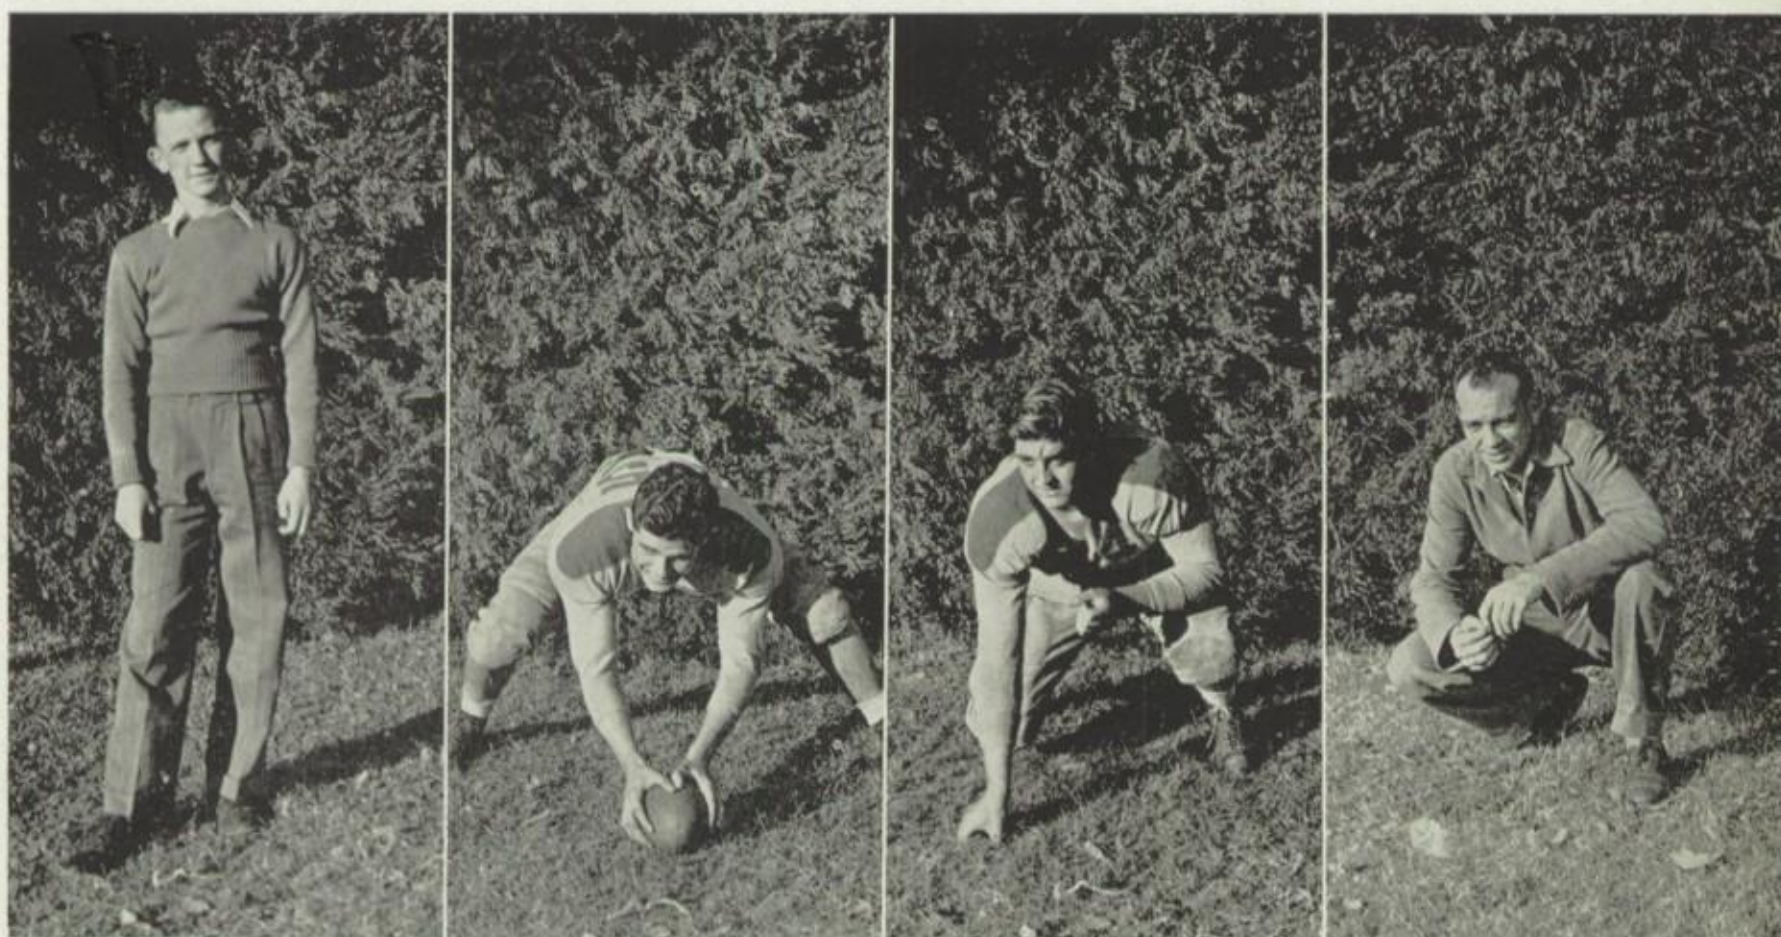

WILSON—The annual Poly-Wilson "big game" ended in another glorious 19-13 win for the warriors of the Green and Gold. A fighting Wilson eleven outplayed the Jackrabbits in the opening canto, and they led at halftime 7-0. A rejuvenated Hare eleven, paced by big Ed Nulty, drove to a score soon after the third stanza opened. Fullback Sam Dimas, playing heads-up ball, snagged a Bruin aerial and rambled 39 yards to another score to lead the Eastsiders 13-7. Ed McKenzie, tricky Wilson triple threat, connected to McOwen for a 60 yard pass to the Poly 2 yard line. McKenzie scored; the conversion was missed and the score was again tied. Poly scored the pay off tally when Ed Nulty shook loose for 65 yards and six points on a tricky lateral play.

VARSITY FOOTBALL—Swanson, Boswell, McCowen, Wallace.

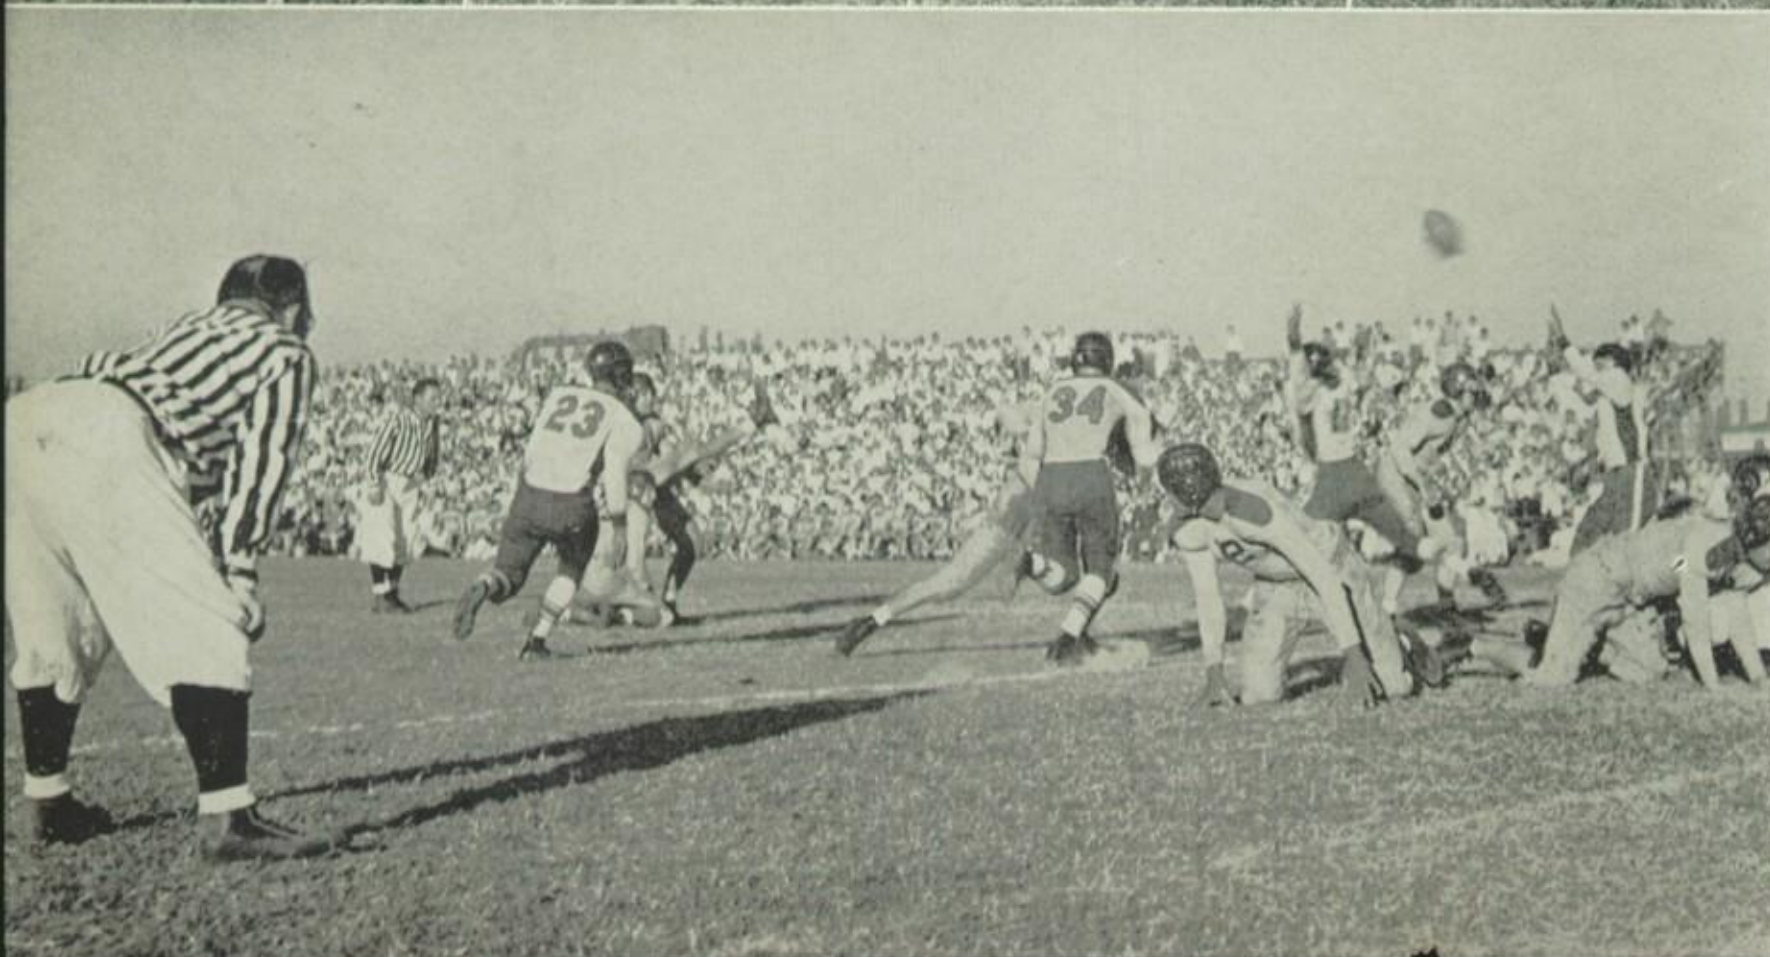

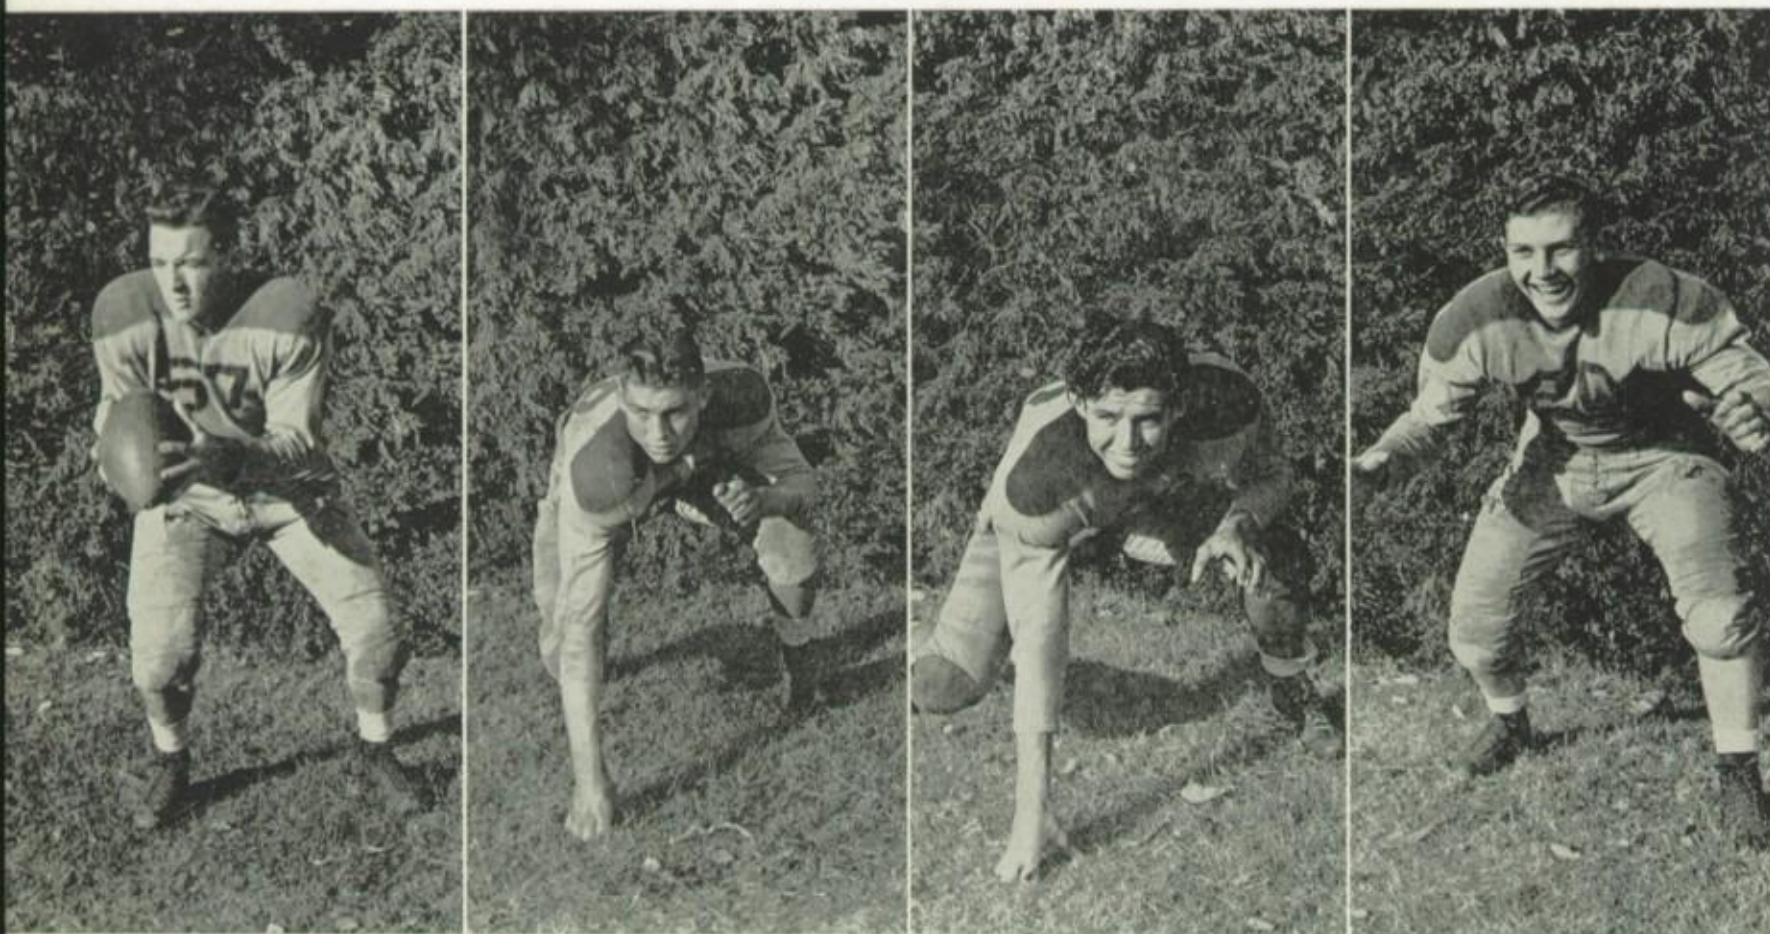

SAN DIEGO—A surprisingly strong Hiller eleven, playing tricky ball, forced Poly to put on the pressure before finally falling by the narrow score of 7-6. The Hare Express gained ground constantly but fumbled at crucial moments to spoil innumerable scoring chances. Poly fumbled a total of eight times with San Diego recovering three. Slingin' Johnny Garrison accounted for most of the yardage with his deadly passing. A pass good for 71 yards to Ed Nulty in the third canto resulted in the Jackrabbit score. Another pass to Harvey Swanson was good for the extra point. Halfback Mathews of the Cavemen drove three yards to the only San Diego score as the result of a sustained drive. The all-important conversion was missed.

VARSITY FOOTBALL—White (manager), Daniels, Imboden, Coach Montgomery.

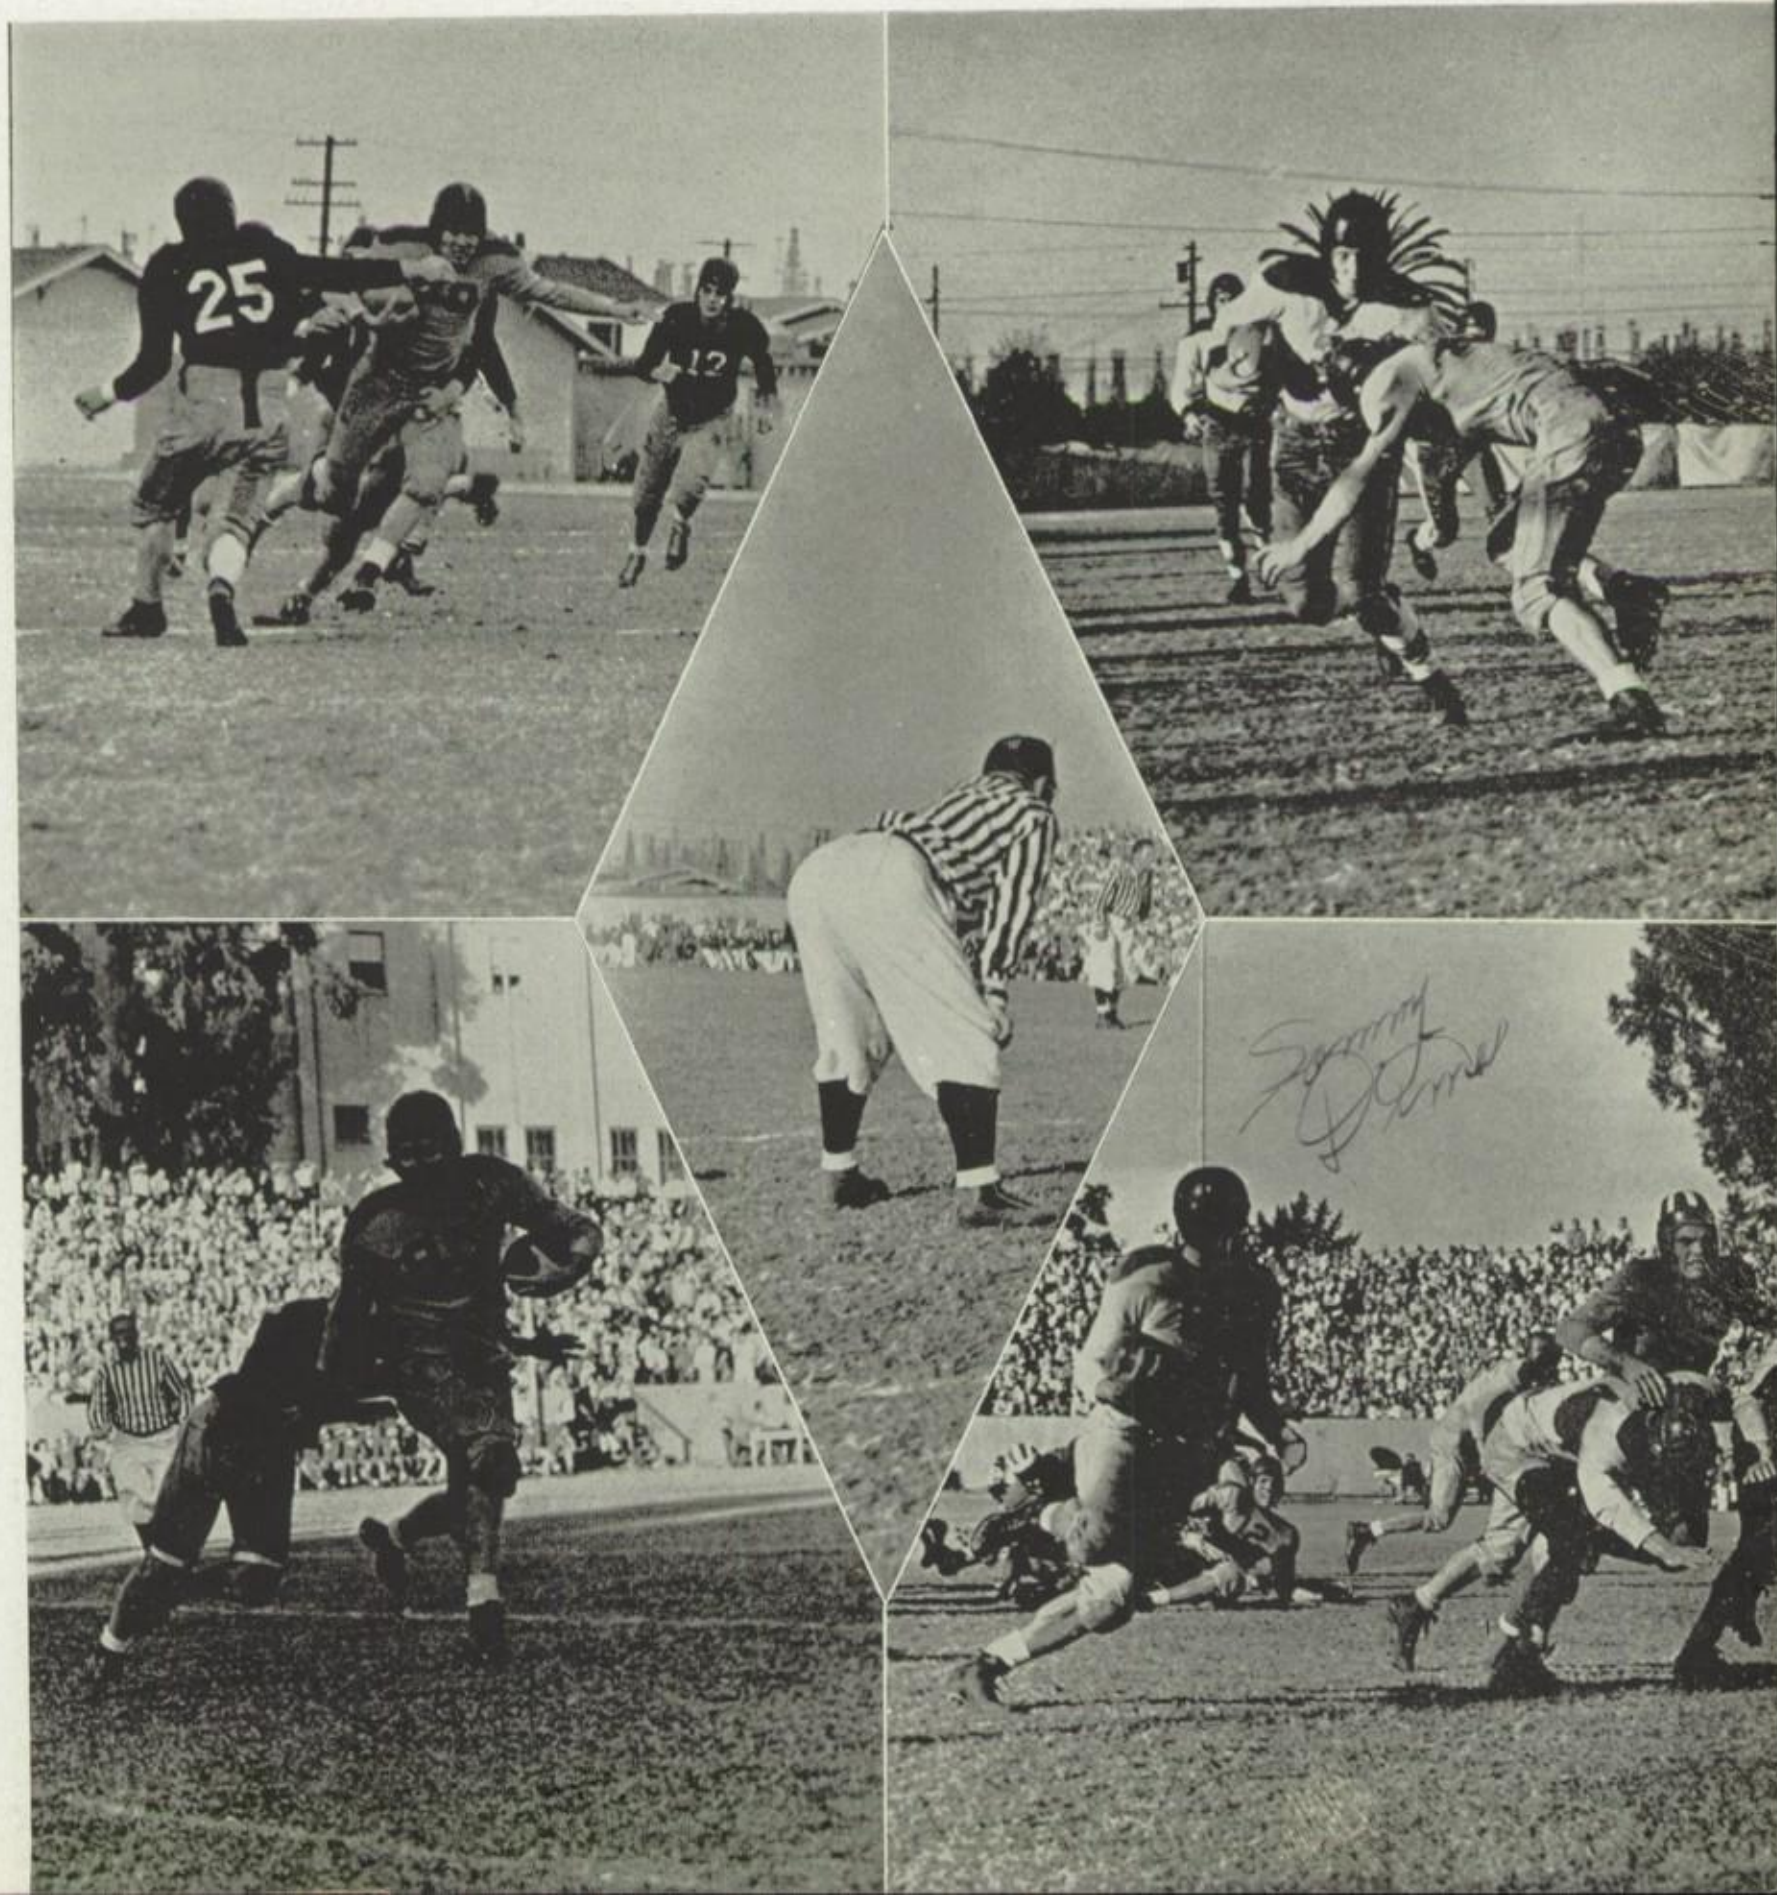

LOYOLA—A 44 minute 0-0 stalemate with a fighting Loyola squad was finally broken as a determined Hare eleven shook Ed Nulty loose for 80 yards on a spectacular lateral play for six points. Swanson made good the extra point, and the final score read Poly-7, Loyola-0. The game was fought on an even basis with both teams threatening seriously only once. The heavier Green and Gold warriors were unable to penetrate the spirited Cub forward wall to any great extent.

VARSITY FOOTBALL—L. Smith, Platt, J. Smith, Kauffman.

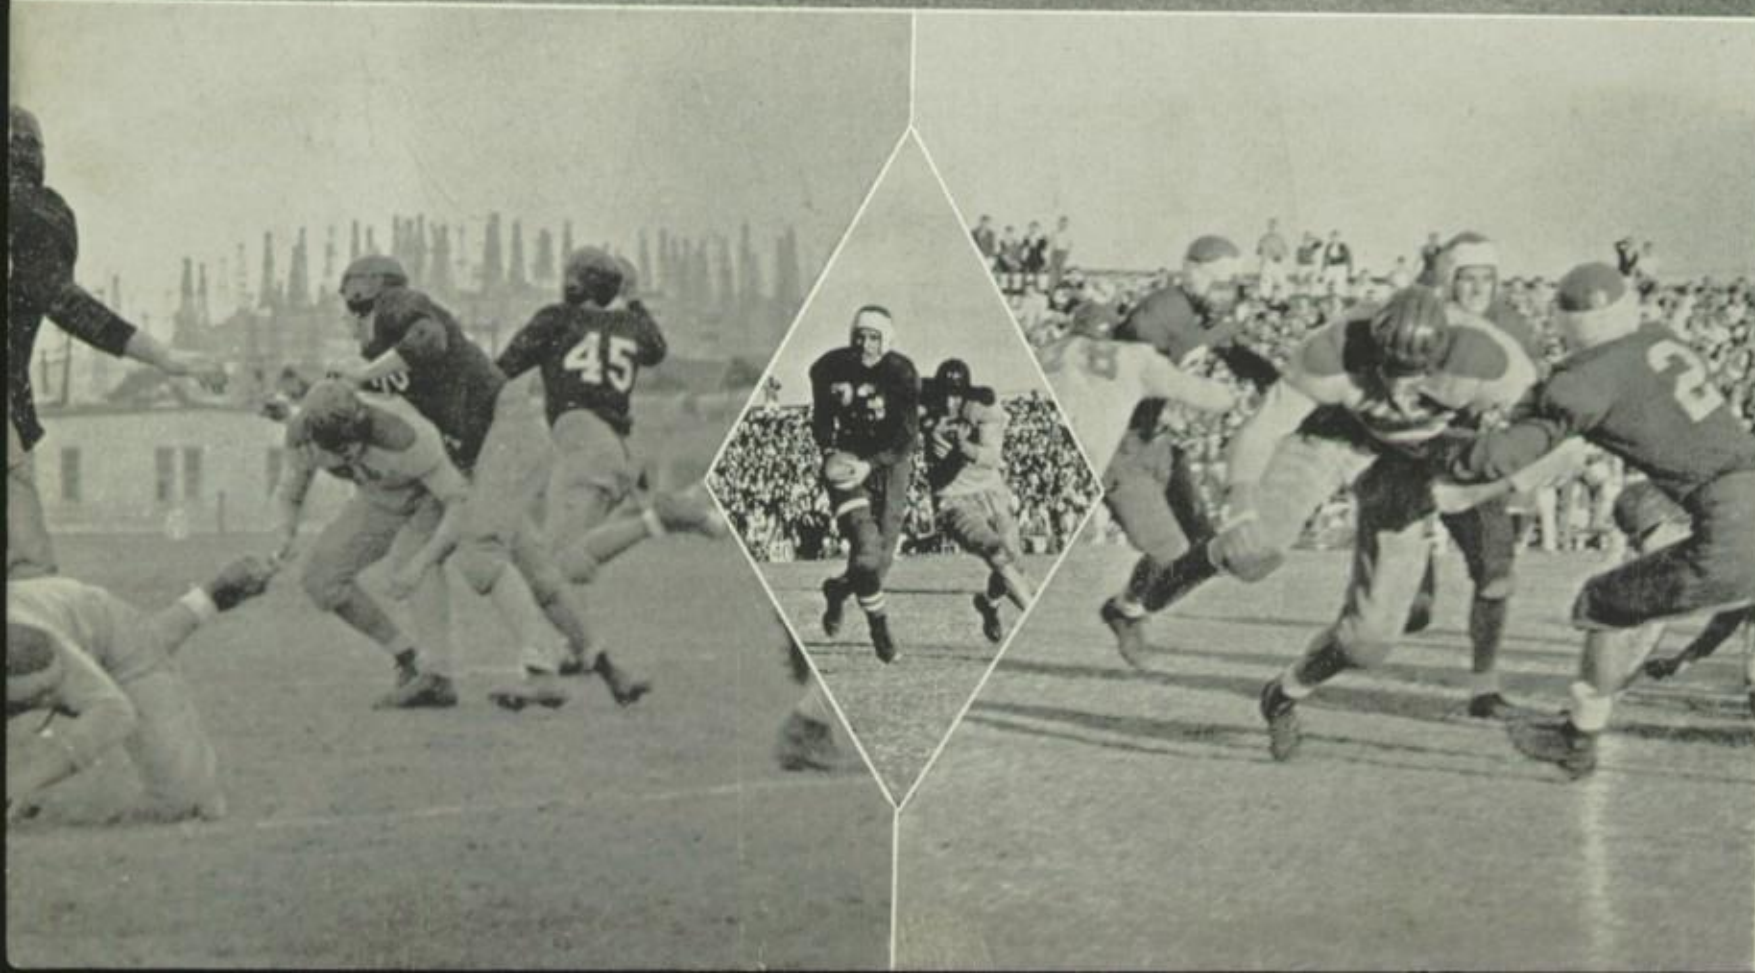

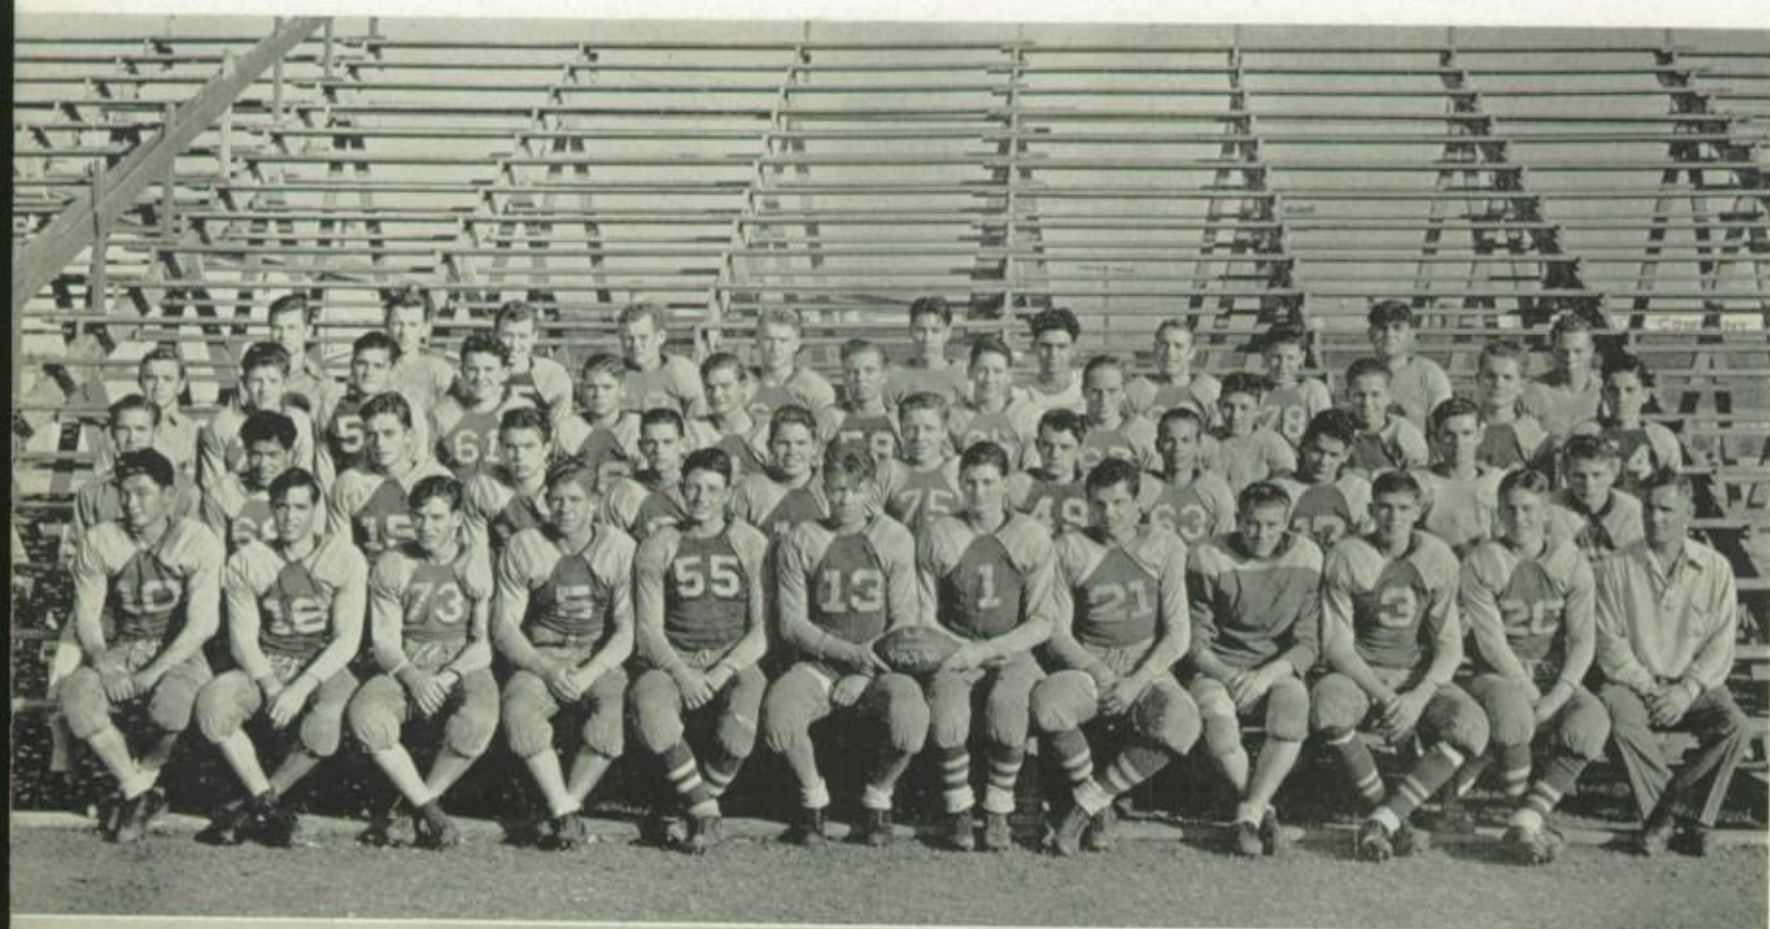

WHITTIER—Hampered by all the bad breaks in the books, a fighting Hare eleven held the edge over the Whittier Cardinals in everything but the score as the Jackrabbits were upset 12-0 in a CIF semi-final game. On six different occasions the Green and Gold, paced by Ed Nulty and Harvey Swanson, marched deep into Cardinal territory only to have fumbles, pass interceptions, and penalties thwart their scoring chances. The Whittier squad tallied in the second stanza on a prayer pass from Elias to Harris. Slippery Bob Wright, Card halfback, shook loose on a 30 yard reverse in the third quarter to score the second six points.

JORDAN—Poly clinched the city championship crown for the ninth straight year with an easy 14-7 win over a fighting but outclassed Jordan eleven. The Jackrabbits compiled a total of 17 first downs to one for the Panthers. Ed Nulty scored the deciding tally with his usual touchdown run after the Panthers jumped into a brief 7-6 lead shortly after the second half opened. The Hares scored on a sustained drive of 70 yards for their first score in the second quarter. A tricky pass play good for 60 yards resulted in the only Jordan tally.

VARSITY BASKETBALL—CONFERENCE SEASON—Although both San Diego Hoover and San Diego Russ presented formidable obstacles to the Hare cagers, the Jackrabbit five, handicapped by inexperience, did exceptionally well to wind up in first place in the Coast League race. The Hares finished the hoop season with 19 wins and 3 losses in a 22 game schedule. The Hare hoopsters again captured the Chino tournament crown and went to the Southern California finals before being eliminated by Glendale Hoover.

VARSITY BASKETBALL—West Parsons, Stephenson, Guerrero, Duffy.

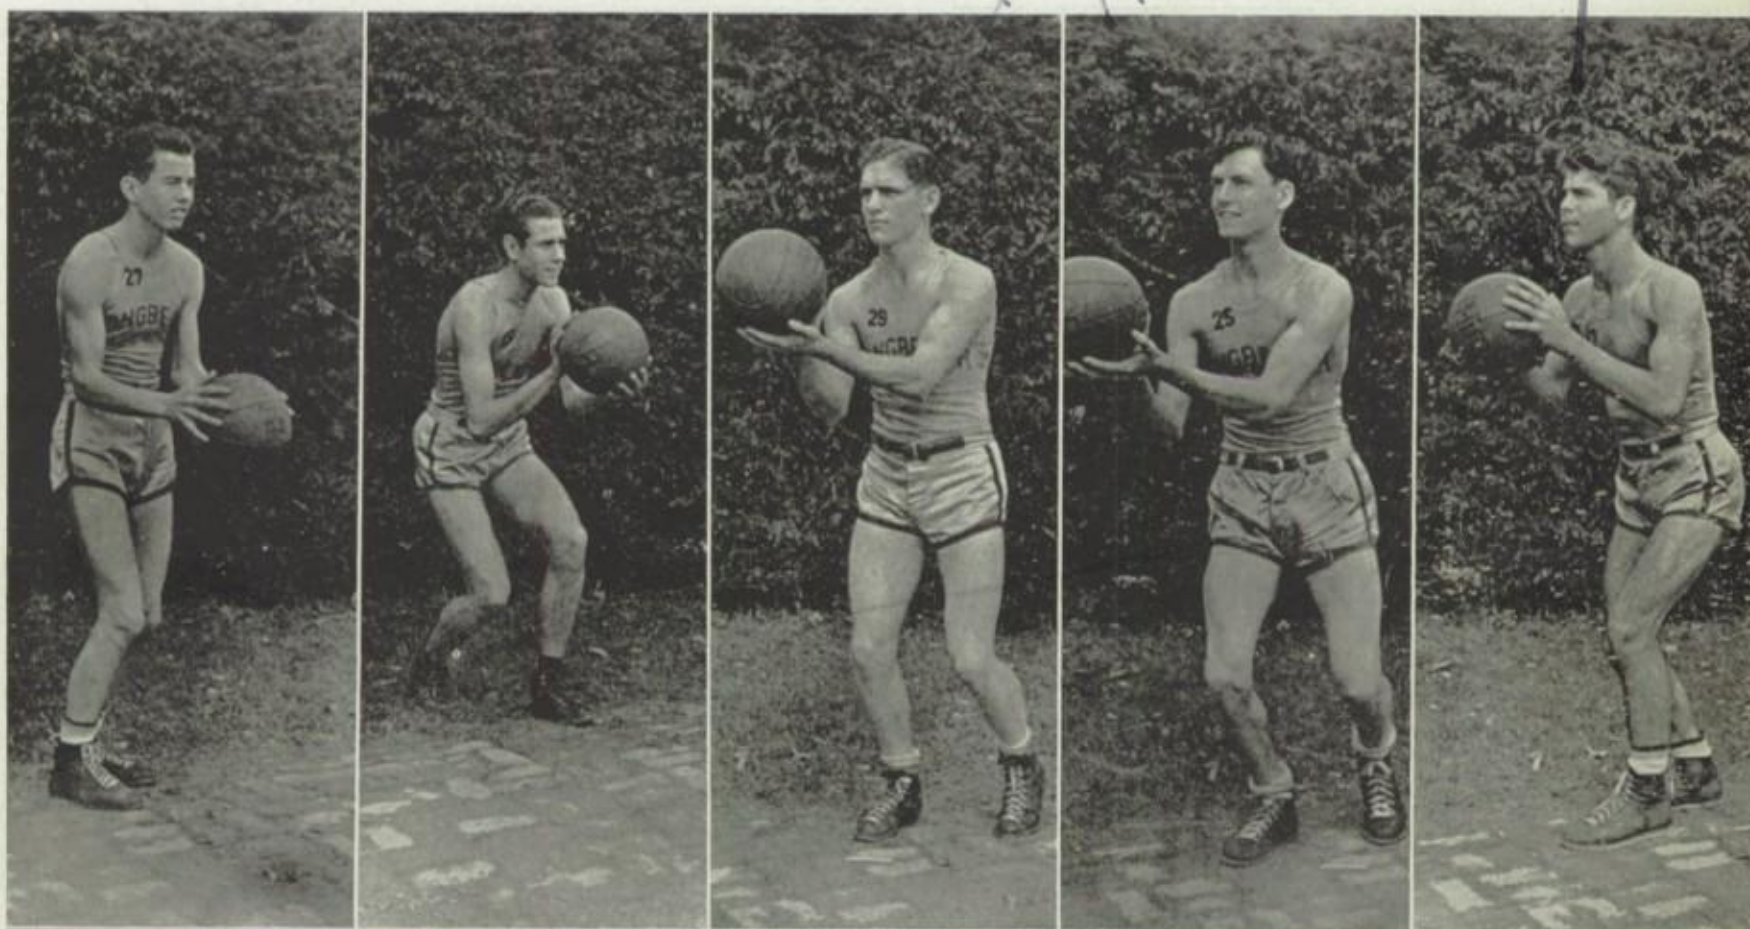

VARSITY BASKETBALL—NON-CONFERENCE SEASON—Poly's defending CIF champions got off to an impressive start with successive wins over all non-conference foes except Santa Barbara. All in all, the Green and Gold basketballers won thirteen of their fourteen practice games and captured the Chino Invitational Tourney for the second straight year. Although Coach Church lost all of his first stringers from last year's five, ex-reserve Warren McCray and ex-B letterman Dick West filled in well for the Hare hoopsters.

VARSITY BASKETBALL—Ennis, McCray (captain), Martin, Riley, Stein.

B BASKETBALL—Bolstered by the return of eight men from last year's Coast League championship team, the Bunnies swept to their eighth consecutive conference crown. Al Fish and Les Bult, diminutive forwards, led the scoring columns. Lanky Jack Painter was the mainstay on both offense and defense for the B squad. The Poly B's lost but 2 games during the entire season as against 18 wins to establish themselves as one of the most powerful middleweight fives in the southland.

GAA—Poly's GAA is an organization composed of many smaller clubs representing such a wide variety of activities, that at least one is of interest to every girl at Poly. As a member of one or several of these clubs, a girl may earn 100 points and automatically become a member of the Girls' Athletic Association, entitling her to a small GAA emblem. After receiving this first emblem, she may work for higher awards.

This year the GAA had the pleasure of working with its new sponsor, Miss Myrtle Poultney, who brought many new and interesting ideas into the organization.

GAA OFFICERS—FIRST SEMESTER—ROW 1: Boyd (First V. Pres.), Seiler (Pres.), Hill (Second V. Pres.), Merritt (Sec.-Treas.).

PLAYDAYS—Each year Poly is the hostess at a playday, held on her grounds, and attended by girls from Wilson, Jordan, and Excelsior. These playdays are not for the purpose of competition and awards, but are to bring the girls of the various schools together to get acquainted and to discuss the different methods of organization of the GAA. The Poly GAA also attends playdays at other schools.

GIRLS' TENNIS CLUB—The Girls' Tennis Club met on Wednesday afternoons after school and was made up of girls who had mastered the fundamentals of the game. In 1940 Jean Cunningham was victorious in singles, Jean Cunningham and Betty Whitmyre in doubles, and Doris Key and Al Bray came out on top in the mixed doubles. The officers of the club were Florence Richards, president; Jean Cunningham, vice president; and Betty Whitmyre, secretary.

They learned the fundamental techniques that develop body coordination and control. The third group was for the advanced girls and was under the direction of Mrs. Kinzer. This class danced at assemblies, faculty parties, at the Spring Pageant, and at many other programs that were presented for the enjoyment of the Student Body.

VOLLEYBALL—Volleyball was the first of the seasonal sports and was held on Monday and Thursday evenings after school. About 100 girls turned out for this sport each evening, and round robins were run off between the different teams. At the last of the season, a tournament was held with the junior class team winning. Jacqueline Boice was captain of the victorious team. Miss Peters and Miss Clark directed the sport.

A very enthusiastic group participated and many fast and exciting games were enjoyed.

GIRLS' CREW AND SAILING—Girls' Crew and Sailing met every Thursday after school at the Marine Stadium. The new members rowed the barges, and after they learned to handle them, they were advanced to the sailboats. The girls found this to be more fun and very exciting. To participate in this activity the girls had to pass a physical examination, and also a swimming test to prove they could swim if the need arose. The officers of the club last year were: President, Mary Sinclair; Vice-President, Myra Smith; and Secretary, Barbara Campbell. The club was under the direction of Miss Josephine Reardon.

OUTING CLUB—Every Tuesday evening members of the Outing Club met and participated in their favorite recreational games. Activities enjoyed included seasonal sports, badminton, deck tennis, croquet, tether tennis, and horseshoes. Two weeks a month the members went off-grounds for other sports, such as horseback riding, ice-skating, roller skating, archery, and bowling. First semester officers were: President, Dorothy Dickie; Vice-President, Virginia Thompson; Secretary, Hazel Davies. Second semester officers were: President, Arlene Baker; Vice President, Roberta Schwenk; Secretary, Norma Walborn. The club was sponsored by Miss Gass.

BOWLING CLUB—Bowling Club met every Wednesday evening after school at the Major Bowling Alley on Anaheim. The group was divided into three leagues: the Major, the Rabbit, and the Hare. The girls were advanced from one league to the other according to their scores. The Major league was the highest. They competed against each other in tournaments to determine the winning group for the semester. At the end of the semester the girls that had the highest scores competed with the Boys' Bowling Club in a tournament. The officers were: President, Betty Burrows; First Vice President, Mildred Guy; Second Vice President, Eunice Willa Rundberg. The club was sponsored by Mrs. Kinzer.

SPEEDBALL—Last year the speedball season got off to a good start with about 50 girls coming out. For the first seven weeks the girls learned technique and just played practice games. The seniors were successful in winning all of their practice games, but the junior class came through with a surprise victory in a very exciting playoff game, winning over the seniors 4-3. This entitled the juniors to receive the speedball trophy as they had previously beaten the sophomores 11-0. The juniors were coached by Miss Peters and captained by Dorothy Dickie.

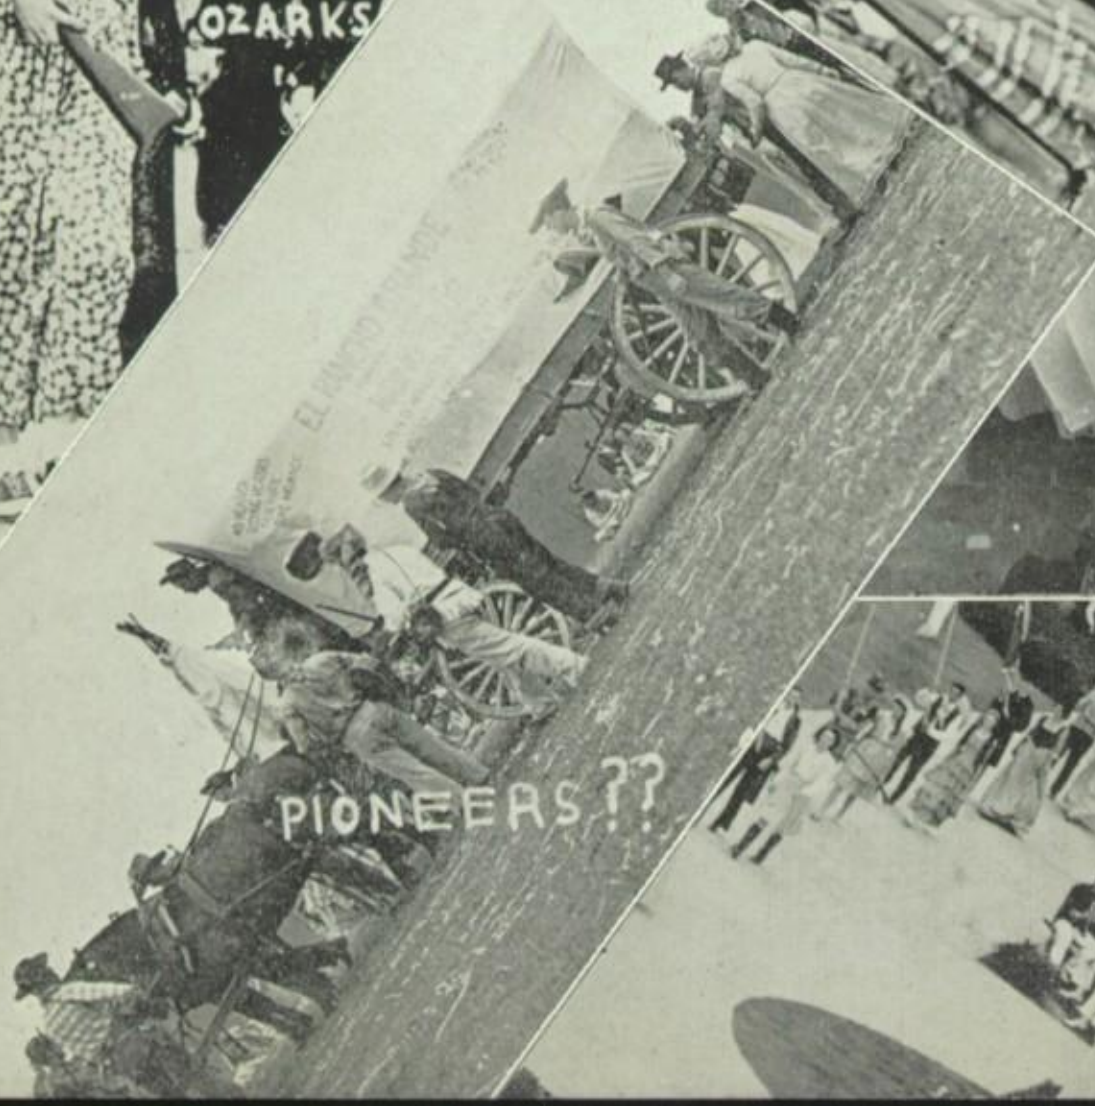

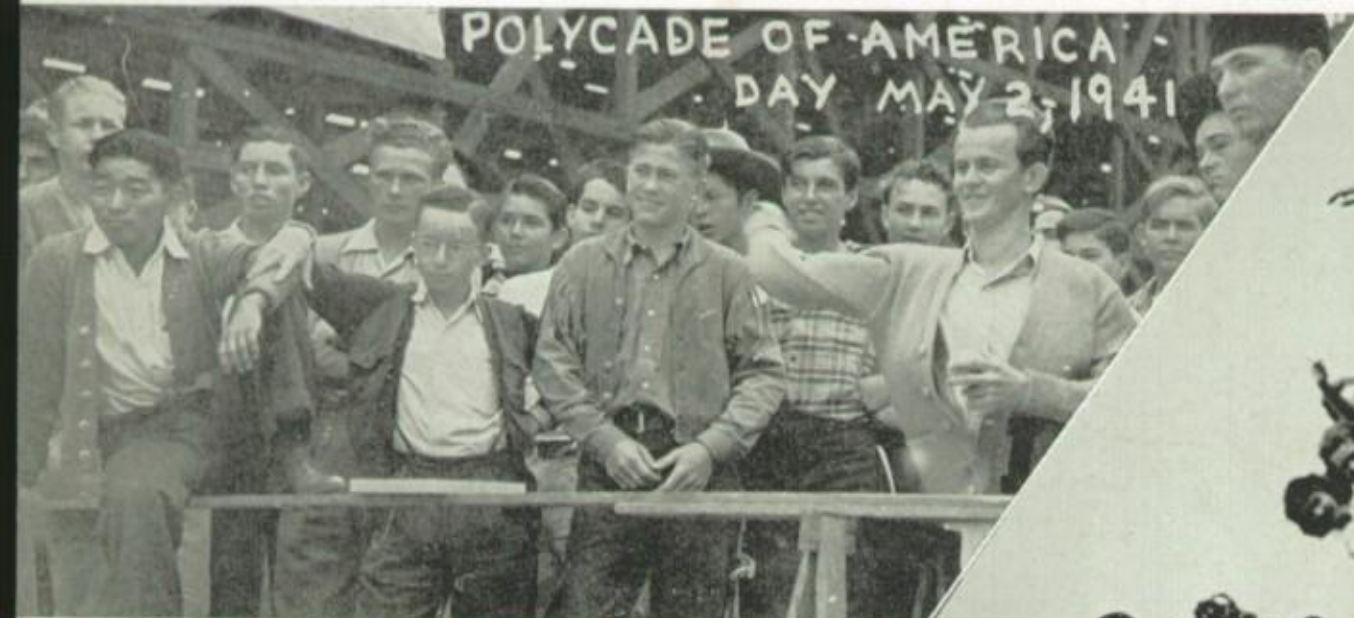

GIRLS' BASEBALL—The 1940 girls' baseball season was climaxed by an upset 14-12 win by the underdog sophomore squad over a touted senior team to throw the class title race into a threeway tie. Previously the junior-senior and junior-sophomore games resulted as per the dope sheet with the middle classers losing to the seniors 16-9 and the juniors defeating the sophomore nine 11-7.

JUNIOR TENNIS CLUB—About twenty girls who wished to learn the fundamentals of tennis were members of the Junior Tennis Club. The group, under the direction of Miss Frame, was on the courts every Tuesday afternoon. They learned essential strokes, the rules governing the game, and the way to keep score. After a semester in this club many of the girls qualified for membership in the advanced Tennis Club.

Dear Ennis,
I've really enjoyed
knowing you this year,
for we've really had lots
of fun even if we did have
to sit 5 in a coupe!
Keep up the good basket-ball
playing.

Loads of luck!

Dear Ennis,
Well here I am at
last. Now I don't know what
to write. But I do want you
to know that I think you are
really a swell guy who is really
trying always just to be. Well we
sure have had some good laughs
together, and I am sure we will have
many more. Mother thinks you are
really O.K. because you listen to
her talk about the mine. Her's wish
a swell guy who has always got a smile
the best of everything, because you do
it if anyone does.

I do not have much
to say but you
are the best little
skinny guy I have seen
in many a day. I
know you can not read
or I would not write
this. Take it easy
and do not try to build
all of the airplanes for the
army. If you build plane
as could as you play or
try to play basketball you
should do swell. Its
not that you are skinny
but that your bones just
stick out were your muscles
don't cover them (that is all over)

Don't take me too serious on the
last few lines you will be a
samson some day

Your Pal (I hope)

George Stute

Quinn it has really been a lot of fun
knowing you and even we had some
small time together in Basketball
had I not in the future & watch
out for the Nazis. See you in
the war. — Billy Allen —

To a small, but skinny guy
who should gain a little weight.
You should have shot and more
time in the Wilson game. I
know you would have made it.
Then we could have had some
fun.

W. F. Ladd
P.S. See you this
summer.

Dear Richard,
be sure have had fun
together this past year and
I sorry it couldn't have been
for the full year. I hope I'll
be seeing a lot of you next year. Don't
work too hard at that damn factory or
you will get washed down the drain.
Lots of luck in your future educational
plans and all your activities.
Your pal

P.S. Be sure and write
me this summer.

have enjoyed knowing.

Well Ennis,
I've known you a long
time and you're always been one
